**A property we have been living since  
we were forcibly removed from New  
Pietersburg**

---

- These are flats where I stayed prior to settling and purchasing property in Dawn Park (in 1995)
- Pictures of these flats were not taken.

**Dawn Park Home – our home from  
1995 to 2007**

---

- We bought the Silverwoods plot after selling the Dawn Park property.
- The intention was to build a house based on the approved plan we paid for. But the ancestral plans dictated otherwise.
- We finally purchased a lovely and homely property at 906 Vleiloerie Street, Montana Park where we have been staying since 2008.
